SaniSmart™ Jet 2.0

This innovative product is designed to work perfectly in tandem with SaniSmart™ Liners. Place the jet in the designated area. The jet's mechanism operates by a magnetic disk in an encased propeller that produces a powerful current. No holes and NO drilling!

SaniSmart™ Disposables

Use once and discard! Give your customers fresh and new disposable items for each manicure and pedicure service. Try the disposable buffer, disposable acrylic/manicure file and disposable sponge.

T 4® Pediclear

To sanitize, simply remove the wet end of the jet and submerge into concentrated disinfectant solution.

SANISmart™ SYSTEM the safe and sanitary choice for salons and customers.
