

Water Trellis Instructions

A. Water Trellis™ Base (1)

B. Pump (1)

C. Quick Connect Valve Assembly (1)

D. Bag of River Rocks (1)

E. Water Trellis™ Glass Panel (1)

F. Rock Trays (2)

G. Header (1)

Water Trellis Assembly

Please inspect both the panel (E) and base (A) for shipping damage. Any damage should be immediately reported to the delivery agent. Do not attempt to operate the unit if it is damaged.

It would be a good idea to find a suitable location for your new fountain before beginning assembly.

1. Remove the Water Trellis™ panel (E) and base (A) from their shipping cartons and lay out all of the provided parts as illustrated in the parts list.
2. Take the Water Trellis™ panel (E) and slide it into the stainless steel uprights in the base (A) as shown in *Figure 1*. The metal scrollwork should be facing towards the front and the base hole is centered on the back.

Figure 1

3. Tighten the Water Trellis panel (E) in place using the 4 stainless steel bolts already screwed into the receiver nuts in the base (A) as shown in *Figure 2*.

Figure 2

4. Screw on the Quick Connect Valve Assembly (C) to the pump (B) as shown in *Figure 3*.
5. Screw the Quick Connect Valve Assembly (C) to the Panel (E) after placing the pump assembly in the base (A) as shown in *Figure 4*.

Figure 3

Figure 4

6. Pull the pump (B) power cord through the plug hole located in the back of the base (A), leaving approximately ½" of the cord in the base as shown in *Figure 5*.
7. Fill the Water Trellis™ Base (A) with water. Do not fill past the plughole.
8. Place the header (G) on top of the Water Trellis™ Panel (E) as shown in *Figure 6*.

Figure 5

Figure 6

9. Plug in and water should begin to flow. Adjust the water flow if necessary by turning the valve next to the pump (B). The water level must be maintained at least one inch above the pump (B). If the water level drops below this, damage to the pump (B) may occur.
10. Place the rock trays (F) in the top of the Water Trellis™ Base (A) and arrange the bag of river rocks (D).

Warranty

Bluworld's Warranty has changed as of August 1, 2008 and supersedes all previous warranties for product purchased after August 1, 2008. If there is printed material within this shipment it is considered void and the Warranty as stated below is policy.

Bluworld product is warranted against defects that render it unfit for its reasonably intended use. This Warranty is not extended to cover use of the product for a purpose other than as intended, and if the product is used unreasonably, or for purposes other than as intended, or if it is altered, modified or repaired by a party other than Bluworld, then the Warranty shall be null and void. The Warranty is in effect for a period of six months beginning from the date of sale to the original retail purchaser and the rights under this Warranty are limited to the original retail purchaser. Bluworld will, upon written notification thereof, take commercially reasonable steps to correct such defects (see "manufacturers defects below"), at Bluworld's sole option, by suitable repair, replacement, or refund. Bluworld will not be responsible for the installation, labor or any other costs or expenses related to the re-installation of a warranted part, and such expenses are not covered by this warranty. THIS LIMITED WARRANTY IS EXCLUSIVE AND IN LIEU OF ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR OTHER WARRANTY OF QUALITY, WHETHER EXPRESS OR

IMPLIED, EXCEPT FOR THE WARRANTY OF TITLE AGAINST PATENT INFRINGEMENT. Corrections of nonconformities, in the manner and for the period of time provided above, shall constitute fulfillment of all liabilities of Bluworld to any Dealer with respect to the goods, whether based on contract, negligence, and strict tort or otherwise. Bluworld contract sales personnel, including but not limited to authorized Dealers and Resellers (collectively, "Sales Personnel"), are not authorized to make warranties about Bluworld merchandise. ORAL STATEMENTS DO NOT CONSTITUTE WARRANTIES. Oral statements made by Bluworld employees or other Sales Personnel shall not be relied upon by a Dealer and shall not become part of any contract for sale. The entire sales contract between a Dealer and Bluworld will be set forth in the invoice and/or accompanying or reference documents provided by Bluworld to the Dealer or Sales Personnel. No other warranties are given beyond those set forth in those documents. Please be aware that you may have valuable rights under the state law in which you reside. Some of the provisions of this Warranty may be prohibited by your state law in which case your state law will govern and control. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you. This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Our products are warranted for a period of six months against defects in finish, pumps and other product performance issues. Light bulbs are not warranted. Our experience has shown that in practically 100% of incidents that any defect is apparent within a week of installation and use. Appearance defects should be noticed upon unpacking the fountain. We have found that finishes have 'failed' due to poor maintenance, local water conditions with minerals affecting the finish, attempts to clean with harsh chemicals or abrasive pads being used. Performance of water flow, spitting, and other 'leaks', are usually caused by debris getting into the fountain, buildup of minerals, algae from poor water or lack of maintenance. Pumps can also fail due to water levels not being maintained in the reservoir and this is not covered by the warranty.

Manufacturers Defect defined - A distinct and obvious flaw in the manufacturing of the product that inhibits the product's ability to function properly or a distinct and obvious flaw in the workmanship of the product that affects its physical appearance. Bluworld water features are manufactured under generally accepted manufacturing techniques as recognized by the International Organization of Standardization. Our products are hand made and hand finished thus minor scratches in materials within accepted ranges are not considered defects.

Slate- Many of our products contain natural slate. Slate can vary to a large degree and that individuality is what is considered to be unique and inherent to the beauty of the natural product as no two are exactly alike. Photos in our marketing materials are representative of our slate products but should not be relied on to duplicate the photo. We use natural mined slate in our products. Personal taste in the appearance of slate is not considered a reason for a return.
