

Revolutionary New SaniSmart™ System

patent pending

SaniSmart™ jet pedispa jet

We are proud to introduce our newest addition to our pedicure spa ensemble: the SaniSmart Jet. This innovative product is designed to work perfectly in tandem with our disposable spa liners. Simply insert the liner into the spa and place the jet in the designated area. The jet's mechanism operates by a magnetic disk in an encased propeller that produces a powerful current. To sanitize, simply remove the wet end of the jet and submerge into concentrated Pediclear solution.

No Holes and No Drilling!

SPASALON US

SaniSmart™ liner

Disposable spa liners

A fast and sanitary solution! Spa liners are inexpensive, disposable and easy to use. The SaniSmart™ liners fit perfectly into select T 4™ spas: the Everest I™, Everest II™, Katai™, Kata-Gi™, Avanti™, Bellini™, Milan™, Panther™, Jaguar™ and Ella™ pedispas. Go Green and recycle the Plastic Liner!

So easy! Use once, and then discard!

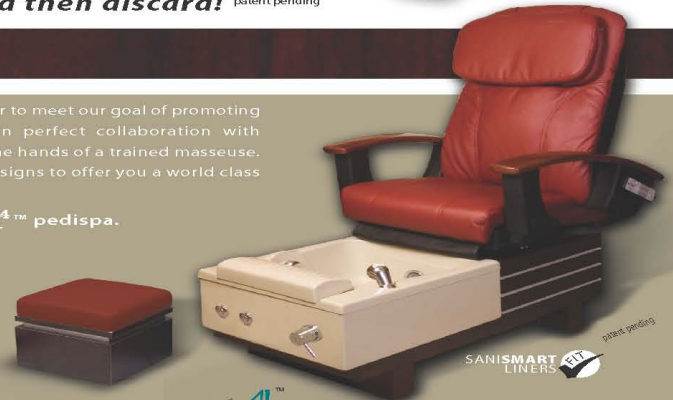

patent pending

Our philosophy is to continuously develop and consistently improve our pedispas, in order to meet our goal of promoting safe products that are not only easy to use but also a pleasure to experience. In perfect collaboration with **human touch** t4™ pedispa chairs provide the ultimate massage as if it came from the hands of a trained masseuse. We have combined this and other practical spa features with ergonomic and functional designs to offer you a world class pedispa. All of this and a matching pedicurist stool!

Practical features... Desirable designs... Memorable experience... That's a t4™ pedispa.

- **Safer**
Infection control: no worries about bacteria, viruses, and fungi
- **Faster**
Maximize and increase sales with easier and faster clean up
- **Less expensive**
Compare: spa liners- \$1 per use, disinfectants- \$2 to \$3 per use
- **Enhance presentation**
Give peace of mind to your customer with a fresh, disposable SaniSmart™ liner just for her; she'll appreciate your clean and safe spa!
